WORKCRAFT

PROTECTIVE WORKWEAR NOT ONLY NEEDS TO BE EFFECTIVE AND EFFICIENT BUT NOW ALSO NEEDS TO BE FASHIONABLE. WHAT WAS ONCE VIEWED AS A COST BURDEN IS NOW SEEN AS A WORTHWHILE INVESTMENT IN EMPLOYEE SAFETY, STAFF MORALE, AND A REDUCTION IN CORPORATE HEALTH INSURANCE PREMIUMS.

**WORK
CRAFT**

Workcraft is an Australian brand and is well known for its fit-for-purpose, quality, comfort, performance, functionality, and durability in many different industries.

Your workwear signals a wide range of values and preference. It is therefore an important part of your company's profile and identity. A clear and consistent theme can create positive synergies when uniform, company vehicles, advertising and other marketing materials clearly indicate the company's profile. Our objective is to help make the performance of hard-working professionals safer and more practical. Our garments meet or exceed all regulative standard requirements and we are constantly

testing and looking for innovative ways to grow our range across all industries: Food industry, Manufacturing, Infrastructure, Construction, Oil Gas and Mining industry.

The key to our success has been our unrelenting commitment to manufacturing fit-for-purpose workwear by partnering with only the best manufacturers to deliver the best quality products, ensuring highest levels of quality control throughout the manufacturing process.

Our helpful sales team is only a phone call away from you.

NCC APPAREL

HOW TO MEASURE YOURSELF

UNISEX

A - NECK Measure around your neck at collar level.

Keep one finger between the measuring tape and neck.

B - CHEST Standing naturally, measure around the fullest part of the chest, keeping the tape at under arm level. Keep one finger between tape and body.

C - WAIST Measure around waist keeping one finger between tape and body. Measure at the navel.

MEASURING TIPS

- > The above measurements are relating to body measurements in centimeters. These are not garment measurements.
- > For best results, ask someone to measure you with a tape measure. Keep the tape tight but not stretched and follow the above instructions.
